

S P O R T I F

The Morning Edit

by Lucy Wayne

The slow, beautiful morning I build everything around.

01 **Light first.**

Open the curtains and let the warm morning in before you reach for your phone.

02 **Move gently.**

A few slow minutes on the mat with the band. Unhurried, just to feel good.

03 **Walk, then coffee.**

The coastal loop and a flat white. The part of the day that is only yours.

04 **Dress like you mean it.**

One set, styled three ways: for the walk, the class, and the cafe after.

05 **Keep it beautiful.**

The things you reach for every morning should be lovely. That is the whole idea behind Sportif.
